No. 17.—The following Extract from the Proceedings of the Government of India in the Home department (Public), under date, Calcutta, the 8th December 1899, No. 2831/42, is republished for information:—

Emigration.—The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to

England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political officer in the case of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District officer (in a Presidency town, the Commissioner of Police) or Political officer, as the case may be.

No 18.—The following rules which have been framed by the Chief Presidency Magistrate, under section 21 (1) of the Code of Criminal Procedure, 1898, for the guidance of the Benches of Honorary Presidency Magistrates appointed by Government in Notification No 849, Judicial, dated the 20th December 1910, for the City of Madras, have been sanctioned by the Governor in Council and are published for general information.

PRESIDENCY MAGISTRATES' COURTS.

Rules framed under section 21, *Code of Criminal Procedure.*

1. The Honorary Presidency Magistrates shall sit as Benches to try such cases or classes of cases and to undertake such business as may be made over to them by the general or special order of the Chief Presidency Magistrate.

2. Each Bench will ordinarily consist of three magistrates selected by the Chief Presidency Magistrate from the list of those appointed by Government A Bench will sit in the Magistrates' Court at Egmore and another in the Court at Georgetown from 7-30 to 9-30 A.M. or till the work of the day is over, if earlier, on all days except Sundays and close holidays

3 Not less than ten days before the end of each month the Chief Presidency Magistrate will arrange the order in which and the days on which the Honorary Presidency Magistrates shall sit during the following month and communicate the same to the Honorary Presidency Magistrates concerned. If any Honorary Presidency Magistrate is unable to attend on a day for which he has been named, he shall give timely notice to the Chief Presidency Magistrate, mentioning, where possible, a substitute who is willing to take his place. The Chief Presidency Magistrate may depute such substitute in his place or make such other arrangement as he thinks fit. If occasion arises, the Chief Presidency Magistrate may alter any arrangements he has made under this rule.

4 The Chief Presidency Magistrate or any salaried Presidency Magistrate may, with the permission of the Chief Presidency Magistrate, sit as a member of a Bench of Honorary Presidency Magistrates.

5. In order to form a quorum at least two Magistrates shall be present from the beginning to the end of a trial or inquiry as members of the Bench; provided that if a salaried Magistrate be present throughout the inquiry or trial a case may be proceeded with to a decision notwithstanding that a quorum was not present throughout the proceedings. If a Bench is unable to sit for any particular day the cases set down for hearing before it on that day may be put up before a Stipendiary Magistrate or adjourned to the Bench's next working day, as the Chief Presidency Magistrate may direct

6. Any case before a Bench remaining unheard at the close of a sitting may be either adjourned to the next working day or sent back to be disposed of as the Chief Presidency Magistrate directs.

7. The Chief Presidency Magistrate shall, if present, officiate as Chairman of the Bench. In his absence the Stipendiary Presidency Magistrate (if any) present shall officiate as Chairman of the Bench. In the absence of any Stipendiary Presidency Magistrate, the Bench shall, as often as may be necessary, elect a Chairman from among the Magistrates present. If the votes should be equal the Chief Presidency Magistrate shall decide which Honorary Magistrate shall preside.

8. The Chairman shall conduct the proceedings of the Court and exercise all the functions in that behalf, usually exercised by a Stipendiary Magistrate when sitting alone. He shall decide upon the admissibility of evidence and maintain order in the Court, but it shall be open to any member of the Bench to put any question to the witnesses, either direct or through the Chairman, as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

9. The Chairman shall generally record the evidence and judgment in cases in which a record of evidence and judgment are necessary; but such duty may, with his consent, be performed by any one of his colleagues.

10. Each member of the Bench who has been present throughout the proceedings shall have a voice in the finding and sentence. In a Bench of three or other uneven number the opinion of the majority shall prevail; when the numbers are even the Chairman shall have a casting vote.

11. Notwithstanding any arrangement made as provided in rule 3, any quorum that may have heard part of a case which stands adjourned at the rising of the Court shall proceed with such case till the conclusion of the trial or inquiry, as the case may be, at sittings held either from day to day or, if the case stands adjourned for more than one day, then on the days to which it stands adjourned. In such case the Chief Presidency Magistrate may, for as long as shall be necessary, set aside or vary any arrangement made under rule 3.

12. Every Honorary Presidency Magistrate will sign the daily calendar of the day's proceedings at which he is present.

13. The Chief Presidency Magistrate may at any time transfer for disposal any case whether part-heard or not from the file of any Bench to his own file or to the file of any salaried Magistrate or Bench of Honorary Magistrates.

14. The Chief Presidency Magistrate may at any time delegate any of his powers under these rules to any salaried Magistrate subordinate to him.

15. These rules shall also apply to any additional benches of Honorary Presidency Magistrates which the Governor in Council may be pleased to appoint.

Fort St. George, December 23, 1910.

No. 19.—In continuation of notification No. 215, dated 15th April 1910, published at page 477 of Part I of the *Fort St. George Gazette*, dated 19th April 1910, directing that the Court of the Subordinate Judge of Bellary should continue to hold its sittings at Bellary till 31st December 1910, the Governor in Council is pleased on the recommendation of the High Court to direct under section 5 of the Madras Civil Courts Act, III of 1873, as amended by the Madras Civil Courts Act, XXI of 1885, that the said Court shall continue to hold its sittings at Bellary till 30th June 1911.

No. 20.—In exercise of the powers conferred by section 1 (2) of the Madras Towns Nuisances Act, 1889, the Governor in Council is pleased, with effect from the date of this notification, to extend the provisions of sections 3 to 10 (both inclusive) of the said Act to the local areas comprised within the limits of the undermentioned villages in the Tinnevelly and Salem districts during the period for which the respective festivals specified against them continue. The dates during which the festivals shall be held to last with reference to this notification shall be duly notified in the District Gazette in each year by the District Magistrates concerned:—

Village	Festival.
Kazhugumalai, Ettappidaram taluk, Tinnevelly district.	Tai Pusam festival.

Fort St. George, December 24, 1910.

No. 21.—Under section 4 of the Madras Civil Courts Act, III of 1873, the Governor in Council, with the previous sanction of the Governor General in Council, is pleased to establish a Subordinate Judge's Court for the district of Coimbatore with effect from the date on which the officer posted to it shall take charge.

2. Under section 5 of the said Act, the Governor in Council is pleased to direct that the said Court shall be held at Coimbatore and shall be styled "The Court of the Subordinate Judge of Coimbatore".

3. Under section 16 of the said Act, the Governor in Council further directs that the said Subordinate Judge shall have and exercise local jurisdiction throughout the district of Coimbatore.

4. Under section 28 of the said Act, the Governor in Council further directs that, notwithstanding anything contained in the notification of the 13th March 1873, published at page 556 of the *Fort St. George Gazette*, dated the 18th March 1873, the said Subordinate Judge shall neither have nor exercise the jurisdiction of a Court of Small Causes under the Provincial Small Cause Courts Act, IX of 1887.

No. 22.—Under the provisions of section 9 (3) of the Code of Criminal Procedure, 1898, the Governor in Council is pleased to appoint the Subordinate Judge of Coimbatore to be Assistant Sessions Judge of Coimbatore.

Remarks.

This includes an enclosure of 2 60 acres of wet and dry lands (*puttu* land) demarcated by cut boundary line of 20 feet in width and stone cairns of 4 feet in height.

Boundaries.

Commencing from cairn No. 27, a conducting line, as well as a right of way for 12 feet in breadth for man and cattle runs south westerly direction for a distance of seven hundred and fifteen links to cairn No. A, about three hundred and thirty links south-west of a *Tamarindus indica* tree; thence in a southerly direction for a distance of eight hundred and fifty-four links to cairn No. B, about two hundred and fifty links south-west of a *Ficus Infectoria* tree.

North.—Commencing from cairn K, about forty links east of a *Pongamia glabra* tree, in an easterly direction for four hundred and fifty links to cairn B, about two hundred and fifty links south-west of a *Ficus Infectoria* tree; thence in a north-easterly direction for a distance of two hundred and seventy links to cairn C, about fifty links south-west of the same *Ficus Infectoria* tree, thence in a north-easterly direction for a distance of two hundred and twenty links to cairn D, about one hundred and ninety links north-east of a *Mangifera indica* tree.

East.—Thence in a southerly direction for a distance of two hundred links to cairn E, about forty links south-east of the same tree, thence in a southerly direction for a distance of one hundred and sixty links to cairn F, about fifty links south-east of a *Tamarindus indica* tree.

South.—Thence in a south-westerly direction for a distance of one hundred and ninety links to cairn G, about eighty links north-east of a *Semecarpus Anacardium* tree; thence in a south-westerly direction for a distance of nine hundred and fifty-eight links to cairn H, about sixty-five links south-west of the same tree; thence in a south westerly direction for a distance of three hundred and eighty links to cairn I, about thirty links west of a *Ficus glomerata* tree.

West.—Thence in a north-westerly direction for a distance of nine hundred and ninety lines to a Pandoluta station J, about two hundred and twenty links north-west of the same tree thence in a north-westerly direction for a distance of one hundred and forty links to the starting point.

2. His Excellency the Governor in Council is further pleased, under clause (c) of the said section, to appoint M R Ry. G Bhaktavatsalodu Nayudu Garu, Forest Settlement Officer, Parlákimedi estate, to be Forest Settlement Officer who shall enquire into and determine the existence, nature and extent of any rights claimed by or alleged to exist in favour of, any person in or over land comprised within such limits or to any forest produce of such land and to deal with the same as prescribed in Chapter II of the said Act, and the Manager, Parlákimedi estate, for the time being, to attend on behalf of the estate during the enquiry.

3. His Excellency the Governor in Council is further pleased, under the authority vested in him by section 14 of the said Act, to appoint the Collector of Ganjám for the time being to be the Officer of the Revenue Department who shall hear appeals from the orders of the Forest Settlement officer under sections 11, 12 and 13 of the said Act.

REVENUE DEPARTMENT

Fort St. George, December 30, 1910.

The following is published for general information :—

INDIAN FOREST SERVICE.

REGULATIONS AS TO THE APPOINTMENT OF PROBATIONERS, 1911.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1911, make *not less than five appointments* of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him not later than *Saturday the 1st July 1911*. Candidates must be prepared, if called upon, to attend at the Indian Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date

3. *Age Limit.*—Candidates must be under the age of 23 years on the 1st July 1911

4. *Nationality, etc.*—Every candidate must be a natural-born British subject. He must be unmarried, and if he marries before he reaches India he will forfeit his appointment He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service

5. *Qualifications.*—Preference will be given to candidates who can show that in addition to a good general education as described in the next paragraph they have passed with honours in a public examination for a degree in some branch of Natural Science held by a University in Great Britain or Ireland

6. In case the number of duly qualified candidates, who have taken such a degree, is not sufficient to fill the number of appointments, the Secretary of State for India in Council will nominate candidates who bring evidence to show that they have received a good general education, and that they have a good knowledge of Chemistry and Mechanics and Physics as indicated in the appended Syllabus (Appendix I). A good general education should be understood to include, at the least, a fair knowledge of English Composition, Mathematics up to and including Plane Trigonometry and either German or French. The production of school certificates granted by the examining authorities of Universities, or of certificates that a candidate has passed the Matriculation Examination of a University, in the subjects named, or of other certificates held by the Secretary of State in Council to be equivalent, will be taken to show that a candidate satisfies the requirements of this clause. Candidates of this class must not be less than 19 years of age on the 1st of July 1911

Should there be more candidates considered by the Selection Committee to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners on the results of which their final selection would depend.

7. *Medical Examination.*—Those candidates who are selected as Probationers will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing (see Appendix V).

On passing this medical examination candidates will be deemed to be Probationers for the Indian Forest Service.

8. *Period of Probation.*—In the case of probationers who have passed with Honours in Natural Science, as indicated in paragraph 5, the period of probation will extend over two years. In the case of students who have obtained a Diploma in Forestry the period may be two years or less, as may be specially arranged. The probationers will be required to undergo a special course of study at Oxford, and to become members of the University, if not so already. During the vacations they will receive, under suitable supervision, practical instruction in such British and Continental forests as may be selected for the purpose. Excursions are also made for purposes of study in term time.

In the case of probationers who have not passed with Honours in Natural Science, the period of probation will extend over about three years.

Probationers must obtain the Diploma of Forestry of the University of Oxford; those who have passed with Honours in Natural Science within two years, and the others within three years. The case of students who have already obtained at another University such a Diploma will be specially considered.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition and excursions, while at Oxford, and on practical instruction in Britain and on the Continent, with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will pay to each probationer possessing a Degree in Natural Science, or a Diploma in Forestry, the sum of 120*l.* annually, or a total of 240*l.* (besides the fees to local officers mentioned above). These payments will be made on the following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

In the case of probationers who have not passed with Honours in Natural Science or obtained a Diploma in Forestry before being appointed probationers, the Secretary of State in Council will give the same total allowance of 240*l.* (in such instalments as may be required to meet the expenses of the practical work), and will defray (as above) the fees payable to local forest officers.

The grant of the allowances is subject to the following conditions:—

(a) that the progress of the probationer in his studies is satisfactory;

(b) that the probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of probationers.

12. *Appointment and Seniority.*—Probationers who obtain the Diploma of Forestry and are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service, will be appointed Assistant Conservators in the Indian Forest Department. Their position in the provincial Forest Lists will be determined by the results of the examinations held during their probation; but in making selections for the post of Conservator, officers of the same year are reckoned as equal in seniority.

They will be allowed at the end of period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Riding.*—Every probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 350 a month (equivalent to 304*l* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension and Provident Fund.*—Promotion, leave and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulation can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II; a summary of information regarding leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

INDIA OFFICE,
November 1910.

APPENDIX I (*referred to in paragraph 6*).

SYLLABUS OF SPECIAL SUBJECTS FOR CANDIDATES WHO HAVE NOT PASSED WITH HONOURS IN A PUBLIC EXAMINATION IN NATURAL SCIENCE

I.—CHEMISTRY.

The simpler chemical and physical properties of common substances, such as lime, salt, sugar, water, air.

The preparation (excluding details of technical processes) and properties of the following substances:—

The metals, tin, lead, iron, copper, zinc, magnesium, calcium, potassium, sodium; their simpler and more important compounds, especially such as occur naturally, and such compounds and alloys as are used in the Arts

Hydrogen, oxygen, water, ozone, hydrogen-peroxide.

Nitrogen, ammonia, ammonium salts, nitrous oxide, nitric oxide, nitrogen peroxide, nitrates.

Carbon, carbon dioxide, carbonates, carbon monoxide,

Chlorine, bromine, iodine, chlorides, bromides, iodides, chlorates, hypochlorites

Sulphur, sulphuretted hydrogen, sulphides, sulphur dioxide, sulphur trioxide, sulphites, sulphates

Phosphorus, phosphoretted hydrogen, phosphorus trioxide, phosphorus pentoxide, orthophosphates, phosphorous trichloride, phosphorous pentachloride

Silica.

The principles of chemical change; oxidation and reduction; combustion; flame. Allotropy. Methods of purifying bodies. Methods of determining the composition of air and of water. Laws of chemical combination. Diffusion of gases. The atomic and molecular hypotheses. The simpler methods of determining equivalents. General considerations used in determining molecular weights and atomic weights. Chemical notation.

Alcohol, ethane, and the simpler ethylic compounds, considered in detail as typical bodies. Methylic alcohol and methane, and benzylic alcohol and toluene, considered briefly as analogues of alcohol and ethane. Characters of primary normal alcohols in general, and of their corresponding hydrocarbons.

Acetic acid, aldehyd and the simpler acetic compounds, considered in detail as typical bodies. Benzoic acid and benz-aldehyd, and formic acid and form-aldehyd, considered briefly as analogues of acetic acid and aldehyd. Characters of normal mon-acids in general and of their corresponding aldehyds.

Oxalic acid and the simpler oxalic compounds. Characters of normal di-acids in general.

Processes (i) for the detection of carbon, hydrogen, nitrogen, sulphur in organic compounds; (ii) for the estimation of carbon, hydrogen, nitrogen in organic compounds; (iii) for the production and analysis of the silver-salts of organic acids and the platinum-salts of organic bases; (iv) for the determination of vapour densities by the V. Meyer method.

The determination of the formula of an organic compound.

PRACTICAL WORK.

The Practical Work should include:—

Simple experiments and preparations illustrating the properties of the inorganic substances named above.

Simple quantitative experiments, such as, the determination of the loss of weight on heating a body, the determination of the volume of gas evolved on the solution of zinc in acid. The volumetric estimation of acids and alkalies.

The qualitative analysis of simple salts containing not more than one of the following metals, and one of the following acid radicals:—Sodium, potassium, ammonium, calcium, magnesium, zinc, copper, iron, lead, tin, oxide, carbonate, chloride, sulphate, nitrate, sulphide.

II.—MECHANICS AND PHYSICS.

Mechanics.

The principles of the lever, the inclined plane, the composition of forces, and virtual work, their experimental investigation and application to machines and other simple cases of equilibrium. Centre of gravity, couple, torque, velocity ratio, mechanical advantage, efficiency. Application to liquids and gases. Density. Boyle's law. Pump, siphon, barometer, manometer. Body moving in a straight line so that its velocity changes proportionally with the time. Body moving uniformly in a circle. Motion of pendulum-bob. Momentum, force, impulse of a force, energy, conservation of energy.

Heat.

Simple thermometry. Simple methods of determining latent heats, specific heats; expansion of gases, liquids and solids; vapour pressures. Change of state. Simple experiments on conduction, convection and radiation. Mechanical equivalent of heat.

Sound.

Direct determination of the velocity of sound in air and in water; the effect of change of temperature on the velocity of sound in air; mode of propagation of sound in air. Simple methods of determining the pitch of a note. Characteristics of musical sounds.

Light.

Laws of reflection and refraction. Simple methods of determining refractive indices, and the focal lengths of mirrors and lenses. The simplest form of the compound microscope and of the astronomical telescope. Dispersion, the spectroscope, spectra of different kinds. Simple photometry. Elementary notions of the determination of the velocity of light.

Electricity and Magnetism.

Properties of electrified bodies. Methods of electrification. Electric induction. The gold leaf electroscope. Elementary quantitative notions of electrical quantity, capacity, potential, and specific inductive capacity. Condensers. Properties of magnets. Methods of magnetization. Magnetic induction. Simple methods of determining the declination and dip at a place and of comparing magnetic fields and moments. The construction of the batteries of Volta, Daniell, and Leclanché, and their theory. The secondary battery. The physical and chemical action due to a current. Simple galvanometers, ammeters, and voltmeters. Measurement of current-strength, electromotive force and resistance. The production of currents by electro-magnetic induction. The broad principles of the induction coil and dynamo.

PRACTICAL WORK.

Simple experiments illustrating the principles stated above.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

APPENDIX III.

(*See paragraph* 16 *of the Regulations.*)

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough and special leave with allowances (*see* paragraph 6) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

5. The allowances admissible during furlough are :—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

6. Special Leave may be granted at any time for not more than six months, with intervals of six years' service ; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

7. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption ; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

8. Subsidiary Leave in India for a maximum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

9. Short Leave is also granted to enable officers to appear at examinations, &c.

10. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s.* 6*d.* to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s.* 4*d.* to the rupee.

APPENDIX IV.

(See paragraph 18 of the Regulations.)

PENSIONS AND PROVIDENT FUND.

1. The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of Completed Service	Maximum Limit of Pension.
10	Rs. 1,000 a year or Rs. 83½ a month
11	„ 1,100 „ „ 91⅔ „
12	„ 1,200 „ „ 100 „
13	„ 1,300 „ „ 108⅓ „
14	„ 1,400 „ „ 116⅔ „
15, 16, 17, 18, 19	„ 2,000 „ „ 250 „

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Years of Completed Service.	Scale of Pension. Sixtieths of Average Emoluments.	Maximum Limit of Pension.
20 to 24	30	Rs. 4,000 a year or Rs. 333⅓ a month.
25 and above		„ 5,000 „ „ 416⅔ „

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 25 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s 9d. the rupee.

2. A General Provident Fund has also been established on the following basis:—

(a) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 6¼ per cent. Subscriptions on leave of any kind are optional.

(b) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(c) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

APPENDIX V.

GENERAL PHYSICAL REQUIREMENTS.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes.	Chest	
		Girth when expanded	Range of expansion.
	Inches	Inches	Inches
18 to 20	62½ and under 65	35	2
	65 " 68	35	2
	68 " 70	35½	2
	70 " 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2
	65 " 68	35½	2
	68 " 70	36	2
	70 " 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous what-process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14 Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions :—

(a) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement of the candidates' age.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently, fit he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with the glasses.

2 Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed — 2·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other eye $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3 A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{9}$ with + 4 D or any lower power.

4 Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$ and of the other $\frac{6}{9}$, with or without such lens or lenses.

5 A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6 Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

No. 33.—With the approval of the Governor in Council, the District Board of South Arcot hereby notifies, under section 88 of the Madras Local Boards Act, 1884,—

(*a*) that, from and after the 1st April 1911, two new gates will be established subsidiary to the existing toll-gate at Tennamadevi near Villupuram, one at the 4th mile of Road No. 103-II (the road from Villupuram to Chetpet *via* Gingee) where the cart-track to Orattur takes off from the main road, and the other near the 31st mile of Road No. 10-II (the road from Pondicherry to Tiruvannámalai) where a cart-track to Asarankuppam, Tiruvamattur and other villages branches off; and

(*b*) that tolls at three-fourths of the maximum rates specified in Schedule B of the said Act will be levied on all carriages, carts and animals passing through the said subsidiary gates.

With the sanction of the Governor in Council, it is further declared, under the provisions of sub-section (4) of section 87 of the said Act, that payment at any time of tolls at the main gate at Tennamadevi shall clear carriages, carts and animals at the two subsidiary gates within the same period of 24 hours reckoned from sunrise to sunrise, and that payment at either of the subsidiary gates shall similarly clear vehicles of liability to pay toll at the main gate and the other subsidiary gate.

No. 34.—In exercise of the power conferred by section 5 of the Madras Local Boards Act, 1884, and in modification of notification No. 124, published at page 251 of Part I-A of the *Fort St. George Gazette*, dated 5th May 1886 and No. 960, published at page 360 of Part I-A of the

Fort St. George Gazette, dated 4th December 1900, so far as they relate to the local fund taluks of Kumbakónam, Tanjore and Pattukkóttai, the Governor in Council is pleased to declare that the portions of the Tanjore district specified in the annexed schedule shall be taluks as shown therein for the purposes of the said Act, and to direct that the provisions of the said Act regarding taluk boards shall come into force in the said taluks from 1st April 1911.

2. In exercise of the power conferred by section 10 of the aforesaid Act, the Governor in Council is pleased to declare that the maximum number of members to be appointed for each of the three new taluk boards above referred to and the number of such members to be appointed by election, shall, for the time being, be as shown in the annexed schedule.

Fort St. George, December 22, 1910

No. 6-P.—Whereas the Governor in Council is satisfied that there is danger of an outbreak of plague at Yemmiganura in the Adoni taluk of the Bellary district, if pilgrims are permitted to visit that place on the occasion of the ensuing Sri Nilakantaswami car festival:

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Governor in Council prohibits pilgrimage to the said festival from 10th January to 19th January 1911, both days inclusive.

All persons proceeding to the said festival in contravention of this notification will be turned back

Fort St. George, December 24, 1910.

No. 7-P.—Under Rule 52 of the Madras Plague Regulations in force outside the Presidency town, the Governor in Council hereby declares the Madura and Nilakkottai taluqs in the Madura district to be under observation.

L. DAVIDSON,
Ag. Secretary to Government.

Fort St. George, January 3, 1911.

No. 9-P.—The following notification of the Cochin State, Local and Legislative Department, dated 12th December 1910 (27th Vrischigom 1086) is published —

Whereas plague is reported to prevail in Calicut, Pollachi, Salem and other parts and whereas there is danger of its being imported into Cochin if people from these and other plague-infected parts are allowed to attend the Ekadasi festival and fair at Thiruvillwamala in the Talapilli taluq of the Cochin State on Saturday, the 14th Kumbhom 1086, corresponding to 25th February 1911, and the four succeeding days, it is hereby notified, in exercise of the powers conferred on the Diwan by section 2 of the Epidemic Diseases Regulation, 1 of 1072 that the attendance of people from plague-infected areas at the ensuing Ekadasi festival and fair at Thiruvillwamala is prohibited.

2. All persons proceeding to the said festival and fair in contravention of the notification will be turned back.

3. Intending visitors are warned of the danger they may be exposed to by proceeding to the above festival and fair

	2 P.M. to 5 P.M.	Hygiene—Intermediate—Second paper
Thursday, 5th January	10 A.M. to 1 P.M.	Animal Physiology—Intermediate

2. The following arrangements have been made for the conduct of the *Oral and Practical* examinations

Days with dates.	Subjects	Grade of examination.	Hour of commencement of examination	Approximate number of candidates to be examined	Place of examination.
FOR ALL CANDIDATES.					
		At Madras			
1911. Thursday, 6th January, and Friday, 6th January.	Hygiene ..	Intermediate ..	3 P.M. .	52	Medical College, Madras.
Saturday, 7th January, and Monday, 9th January	Animal Physiology ..	Do	3 P.M. ..	46	Do

3. Candidates are informed that a copy of the nominal list will be posted at the entrance to the examination hall a day or two before the examination and that they will be expected to learn their general numbers from this list.

4. Attention is drawn to the following rules :—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Commissioner

(5) *Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner on any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination*

(6) *No candidate will, on any account, be allowed to take into the examination room ink, slates, books, ruled sheets, manuscripts, or papers of any kind.* Any one detected in the violation of this rule, or having recourse to any unfair practices, will be removed from the room and the occurrence reported to the Commissioner. Candidates will, however, be allowed the use of mathematical instruments for drawing figures or ruling lines.

(7) Candidates whose names are not in the printed list furnished to the Superintendent must submit a written declaration through the Superintendent, giving full particulars in regard to themselves *including their address* and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs

(8) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(9) Any answer paper sent up without the candidate's name and number affixed will not be valued.

(10) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(11) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

SALE OF SANDALWOOD.

SEALED tenders are invited for the purchase of the undermentioned description and approximate quantities of sandalwood stored in Vellore West Range Office Depot.

2. Tenders should be superscribed "Tender for the purchase of sandalwood" and should be forwarded by registered post to the District Forest Officer, North Arcot, so as to reach him on or before the 15th February 1911.

3. Tenderers should tender for each class of billets, roots, chips and sawdust separately per maund of 25 lb, and each tender must be accompanied by a deposit of Rs. 200, in currency notes or by a Treasury challan showing the remittance of the above amount in a sub-treasury as deposit.

4. Successful purchasers must within five days from the date of receipt of order confirming the sale pay the balance due, failing which the deposit will be forfeited to Government and the sandalwood resold at the tenderer's risk. The tenderer will have no claim for any profit accruing from such sale.

5. The deposit of unsuccessful tenderers will be immediately returned.

6. The sandalwood must be removed within a week from date of payment of the full amount and, in default, godown rent will be charged at the rate of one rupee per diem until the date of removal.

7. The sandalwood will be weighed as it is in the depot and no further cleaning will be undertaken by the Forest Department or purchaser previous to weighment.

8. Tenderers before submitting their offers are recommended to inspect the sandalwood in the depot as no remission in any case will be afterwards granted either on account of the alleged bad quality of the sandalwood or because of errors of description.

9. The right to reject all or any of the tenders is reserved.

MINUTES OF MEETING.

MINUTES of a Board Meeting, No. 20 of 1910-1911, held on the 10th December 1910

PRESENT:

The Hon'ble Mr. F. J. E. Spring, C.I.E., *Chairman*.

Mr. G. A. Thomas, I.C.S.
Mr. S. D. Pears
Mr. J. A. Bayson.
Mr. A. H. Dowie.
Mr. J. C. Robinson.
The Hon'ble Mr. Muhammad Abdul Kuddus Rudsha Sahib Bahadur.
M.R.Sr. Diwan Bahadur M. Venkatasawmi Nayadu Garu.
M.R.Ry. Rao Bahadur G. Narayanaswamy Chetti Garu.

250. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, 9th December 1910.

257. Read the Port bye-laws published by Government in *Fort St. George Gazette* Notification No. 16, dated the 12th January 1909. Read also a draft presented by the Chairman of revised bye-laws.

Resolved that in accordance with sections 95 and 97 of the Madras Port Trust Act, the draft bye-laws be approved, and that, as required by section 96 of the same Act, they be submitted to Government for publication if approved.

258. Read a draft submitted by the Chairman of a revised scale of rates of harbour dues and services, with the conditions thereto attaching and the necessary explanations.

Resolved that, in accordance with sections 42 and 43 of the Madras Port Trust Act, the draft scale of rates be adopted, and that as required by section 44 of the same Act it be submitted to Government for sanction with a view to its adoption as from the 1st of January 1911.

259. Read a draft letter by the Chairman to Government proposing for approval two forms of receipt for goods taken charge of by the Trust, one for imports and the other for exports.

Resolved that the forms and the draft letter to Government be approved.

260. Read draft letter by the Chairman to the Chief Secretary to Government, Marine Department, submitting for sanction a revised estimate, amounting to Rs. 1,06,000 for works required for the bar iron trade, in supersession of the one for Rs. 1,63,000 sanctioned in G.O., No. 502, Marine, dated the 22nd October 1908, as modified by G.O., No. 160, Marine, dated 11th May 1910.

Resolved that the revised estimate be approved and that the draft letter to Government be adopted.

261. Read and recorded G.O., No. 876, Marine, dated 26th November 1910, sanctioning the revised estimate, amounting to Rs. 3,50,000, for works at the east side of the boat-basin and sanctioning the debit of the expenditure to Capital.

262. Read a request, supported by the Chairman, from the Trust's Chief Accountant, to be repaid the cash security, Rs. 1,000, which he has lodged with the Port Trust Board.

Resolved that in view of the arguments advanced in the papers read above and of the Chief Accountant's balance in the Trust's Provident Fund, the request be complied with.

263. Read a note by the Trust's Chief Engineer, applying for sanction to an expenditure of Rs. 333 already incurred on uniform supplied to certain members of the staff in 1909–1910 and also requesting sanction to incur a similar charge for 1910–1911.

Resolved that the Chief Engineer's request be sanctioned.

264. Read again G.O. No. 291 M., dated the 20th May 1908, and the Port Trust Board's Resolution thereon, No. 50, dated the 8th June 1909

Read a note by the Chairman, dated 15th December 1910, submitting for orders two estimates, one amounting to Rs 28,670 and the other to Rs. 5,330, for repairing the rubble revetment north of the harbour

Resolved that the former of the two estimates be provided for in the Port Trust's Revenue estimates for 1910–1911 and 1911 1912 now under preparation and that Government be asked, under section 79 of the Madras Port Trust Act, to sanction its being put in hand at once as an urgent work, and that the latter of the two estimates be submitted to Government for sanction against Port Funds.

265. Recorded a *mid* statement of estimates sanctioned since the 9th December 1910.

266. Recorded administration report and accounts of the Tanjong Pagar Dock Board, Singapore, for the half-year ending 30th June 1910.

267. Recorded G.O., No. 395, Marine, dated 9th December 1910, sanctioning the refund to Messrs. Mohesilal and Kanaial of the harbour dues and cranage charges paid on certain articles booked for shipment but not actually shipped—*vide* Board's Resolution No. 233, dated 25th November 1910.

SUPPLEMENT TO PART II
OF
THE FORT ST. GEORGE GAZETTE.

No. 1.] MADRAS, TUESDAY EVENING, JANUARY 3, 1911. [Price, 1 anna.

NOTIFICATION OF THE REGISTRAR OF CO-OPERATIVE CREDIT SOCIETIES, MADRAS.

AUDIT REPORT OF 15, TRIPLICANE URBAN CO-OPERATIVE SOCIETY, LIMITED, FOR THE YEAR 1909–1910.

I beg to report on the audit of the accounts of 15, Triplicane Urban Co-operative Society, Limited, for the Co-operative year ending 30th June 1910.

2 *Members.*—The society began the year with 1,257 members on its rolls. Two hundred and fifty new members joined and 77 withdrew. The withdrawals were due to the members having left the society's jurisdiction. The number of members in the society on the last day of the year was thus 1,430, all non-agriculturists.

3. *Share capital.*—The paid up share capital of the society rose from Rs. 10,563-2-6 at the beginning of the year to Rs. 13,253-8-8 at its close. The subscriptions to the share capital received and paid off during the year were Rs. 3,190-0-2 and Rs. 500-12-7 respectively.

4. *Deposits.*—The society receives and pays off deposits of three classes, viz., fixed, current and chit fund. The transactions under all these heads are dealt with separately below.

5 *Fixed deposits.*—The society held at the beginning of the year Rs. 6,718 as fixed deposits. A sum of Rs 14,075-4-0 was received and Rs 13,009-12-0 paid off during the year. So the amount of fixed deposits held at the end of the year was Rs. 9,793-8-0.

6. *Current deposits.*—The society transacted a considerable volume of business under this head. It received Rs. 20,609-5-3 and paid off Rs 21,307-5-0. The sum outstanding against the society at the beginning of the year was Rs. 4,280-0-1. So the amount of current deposits held at the end of the year was Rs. 3,580-0-4.

7. *Chit fund deposits.*—The transactions under this head during the year were as shown below:—

Receipts.

	Rs.	A.	P.
1. Subscriptions	47,143	8	7
2. Penalties	26	8	5
Total	47,169	13	0
Amount outstanding at the end of the previous year	827	3	0
Total	47,797	0	0

Disbursements.

	Rs.	A.	P.
1 Auction purchases	46,731	2	9
2 Bonus	598	10	5
3. Chit commission	70	7	0
Total	46,709	4	2
Amount outstanding at the end of the year	1,088	11	10
Total	47,797	0	0

It will be observed that a sum of Rs. 70-7-0 is shown above under disbursements. It was the commission due to the society on the various chit funds conducted by it. But the amount was not shown as a disbursement in the accounts of the society for it was not receipted as a separate item as chit fund commission realised. On the receipt side of the day book are entered day after day the subscriptions and penalties paid on account of a chit and on the debiting side appear the auction amounts and discounts paid. The total amount receipted in the day book on account of a particular chit is greater than the total amount shown as disbursed by the amount of commission due on account of that chit. That is, no amount is shown in the day book or in the half-yearly cash sheet prepared by the society as commission realised, while in the balance sheet the liabilities are increased by the total amount of commission due. This method of account-keeping gives a great deal of trouble at the

end of the year in correctly calculating the commission realised on the various chit. If, on the other hand as soon as a chit is closed, adjustments are made in the day book itself as commission realised and paid off, the classified abstract itself will give the total amount realised and a lot of time will be saved at the time of the annual closing of the accounts. Moreover, what was receipted as a deposit—no portion of a deposit can be a profit item or can be added to the Reserve fund—would be shown as fully repaid as one would naturally expect. The practice adopted by the society in paying off the chit auction amounts and bonuses presumably out of the funds of the society before the subscriptions to the chits are fully realised is to my opinion contrary to by-law 55. This was repeatedly pointed out by the society's honorary auditors in their several reports.

6. *Trade deposits*.—The amount held at the beginning of the year under this head was Rs. 281-6-1. The deposits received and paid off during the year were Rs 21,851-0-3 and Rs. 22,046-0-4, respectively. The balance of trade deposits at the beginning of the year as arrived at by the special ledgers was found by the society to be in excess of the balance as per cash sheets prepared from the day book by Rs 71-5-5. No satisfactory ledgers were maintained and I was not able to verify the figure given by the society. In order to make the cash sheet balance agree with the ledger balance the society increased its liabilities by Rs. 71-5-5 and showed an equal amount under "loss written off". This sum of Rs. 71-5-5 has been treated here by me as addition to trade deposits during the year. The net amount outstanding at the end of the year was thus Rs 167-14-5. This system of trade deposits is disadvantageous both to members and to the society. The members rarely withdraw their deposits in the shape of coins. The society can utilise that money, unlike current deposits, for its purposes freely. But on account of the confusion and complexities in accounts these deposits, the Directors say, were altogether stopped since the close of the year.

7. *Miscellaneous*.—In the previous year's report a sum of Rs. 4-4-0 was shown under deposits in excess. This has now been adjusted.

10. *Interest on deposits*.—The society pays interests at 3½ and 3½ per cent. on fixed and current deposits, respectively. The amount paid during the year was Rs 632 5-5 and that pending payment on the last day of the year was Rs. 171-1-7. Deducting Rs. 171-6-1, the amount pending payment at the end of the previous year from the total interest, the amount debitable to the profit and loss account is Rs 632-5 0. There was a sum of Rs. 10-14-2 overdue at the end of the year.

11. *Miscellaneous receipts*.—Various items come under this head. The amount realised and that creditable to the profit and loss account under the various items are given below:—

	Rs.	A.	P.
(1) Entrance fees collected	62	6	0
(2) Interest on Common Good fund, Reserve fund in the Post office realised	164	14	1
Pending realisation at the end of the year	80	7	6
	245	5	10
Deduct amount pending realisation at the close of the previous year.	71	9	3
Amount creditable to profit account	173	12	7
(3) House-rent realised	550	3	4
Pending realisation	95	12	0
Amount creditable to profit and loss account	646	4	4
(4) Income by cash realised	66	4	0
(5) Fines collected	1	14	0
(6) Chit commission realised	79	7	0
Deduct amount pending realisation at the end of the previous year ..	23	3	1
Balance ..	47	3	11
(7) Excess cash collected	20	5	1
Excess cash amount unadjusted carried to profit account (see under adjusting heads)	5	12	10

12. *Loans to members*.—There were 43 loans aggregating to Rs. 5,266-2-6 outstanding against members at the beginning of the year. One hundred and twenty-five loans amounting to Rs. 7,401 were disbursed during the year. One hundred and one loans were completely paid off, the amount repaid being Rs. 7,418-5-4. The sum recovered as part payments towards loans amounted to Rs. 224-13 11. The number and amount of loans pending against members at the end of the year were therefore 71 and Rs 4,038-15-5, respectively. Eighteen loans amounting to Rs. 526-16-0 were overdue on the last day of the year. Most of the loans disbursed were of small sums. Of the 125 loans disbursed, 60 loans were for sums not exceeding Rs 50 and only 5 loans exceeded Rs. 250. All the loans were given for periods not exceeding one year and most of them were given on the security of share capital and deposits.

13. *Interest on loans*.—The society charges interest on its loans to members according to the nature of the security offered for the loans. The rates are 6¼ per cent. per annum on loans secured by deposits and share capital, 7½ per cent. on loans given on mortgage of immovable property and 9½ per cent. on security-ship loans. The amount of interest creditable to profit and loss account is as shown below:—

	Rs.	A.	P.
Realised	310	1	11
Pending realisation	54	0	1
	364	2	0
Deduct amount pending realisation at the end of the previous year ..	60	6	0
Balance .	303	12	0

14. *Defaulting members.*—There were several cases of default during the year. There were 18 such cases at the end of the year. The amount recoverable on account of those cases was Rs. 520-10-0. A few of these defaults pertained to the years 1907 and 1908. The society does not take active steps to recover overdue cases promptly.

15. *Establishment charges.*—The society maintains a large establishment. The acquittance roll maintained by the society was such that it was not easy to watch double payments. The charges incurred during the year was much more than those of the previous year. This was due to the special establishment maintained for bringing up the goods ledger up to date. It was not also possible for me whether the amount sanctioned for this purpose was exceeded or not, for in debiting the amount in the Day Book great care was not exercised to distinguish permanent establishment charges from special establishment charges. The debit entries appeared from day to day as payments were made to individuals and there was no consolidated bill for the charges. The total amount paid during the year was Rs. 8,821-12-11. The amount pending payment at the close of the year was Rs. 13-10-4. The sum pending payment at the close of the previous year was Rs. 320-6-6. The amount debitable to the profit and loss account was Rs. 8,320-6-10.

16. *Contingent charges.*—The expenditure incurred under this head amounted to Rs. 3,398-7-0. Of this amount, Rs. 2,814-6-7 pertains to the house-rent paid and Rs. 106-8-0 to the taxes paid. The remaining amount consists of printing charges, stationery, postal and telegraphic charges, repair and removal charges, etc. The amount pending payment at the end of the year under this head on account of house-rent was Rs. 225. Deducting Rs. 292-1-1 the amount pending payment at the end of the previous year from the total, the amount debitable to profit and loss account is Rs. 3,532-5-11. There was no check over contingent expenditure. Amounts were drawn off as soon as the necessity for the expenditure was felt and the amounts were paid by the cashier when demanded by a co-clerk. There were several charges of a petty nature which might be objected to. Under the improved system introduced since the close of the year, it is hoped that such objectionable payments will not recur.

17. *Adjusting heads.*—The items that come under this head are given below :—

(a) *Suspense account.*—Out of Rs. 55-1-2 pending payment at the beginning of the year, Rs. 32-9-3 was adjusted before the end of the year. So the amount outstanding at the end of the year was Rs. 22-7-11.

(b) *Triplicane Literary Society Fund.*—A sum of Rs. 1,022-2-0 was to the credit of this fund at the beginning of the year. Rs. 34-4-4 was added to it and Rs. 10-3-0 was paid off out of it during the year. The amount at the end of the year was Rs. 1,046-3-4. Adding to it Rs. 85-8-8 the interest accrued on it, the total liability against the society was at the end of the year Rs. 1,131-12-0.

(c) *Excess cash from the branch accountants.*—A sum of Rs. 12-3-3 was outstanding against the society at the beginning of the year. Adding to it Rs. 0-1-1 recovered during the year and deducting Rs. 6 7-3 adjusted during the year, the balance pending adjustment was Rs. 6-12-10. As details were not forthcoming for this sum, the amount was carried to the profit account of the year.

(d) *Miscellaneous account.*—A sum of Rs. 431-9-7 was received and Rs. 389-1-8 was adjusted before the end of the year. The amount outstanding at the end of the year was Rs. 42-7-11.

(e) *Advances due by the society.*—A sum of Rs. 2-11-6 was pending payment at the beginning of the year. Rs. 148 was received and Rs. 131-11-6 paid off during the year. The liability against the society at the end of the year was thus Rs. 24.

(f) *Advances due to the society.*—A sum of Rs. 386-9-2 was pending recovery at the beginning of the year. Rs. 4,831-2-7 was issued and Rs. 4,804-15-3 was adjusted during the year. The amount pending recovery at the end of the year was thus Rs. 552-12-4. There is a difference of Rs. 17 between this figure and the society's figure as published in its balance sheet, for the half-year ending 30th June 1910. The difference dates from the year 1908. The society shows in its cash sheet for the half-year ending 31st December 1908 an advance of Rs. 17 to carpenter and painter but does not show on the receipts side of the cash sheet an equal amount as adjusted. This amount does not appear as an item of asset in the balance sheet for that half-year. I believe that the accounts for the difference.

(g) *Excess hours paid to employees.*—Out of Rs. 42-4-0 disallowed and pending recovery at the beginning of the year Rs. 30 was recovered and the balance of Rs. 3-4-0 was, according to the Directors, irrecoverable and was written off the accounts.

18. *Stores branch.*—The society did a very large volume of work in the distribution department during the year as the following figures will show :—

	Rs.	A.	P.
Stock in hand at the beginning of the year	25,267	7	1
Purchased during the year	3,81,762	3	3
Stock sold during the year	4,04,894	3	3
Deduct gross profit	21,816	2	3
Cost price of stock sold	3,83,049	1	3
Stock in hand at the end of the year	23,977	14	11

19. *House property.*—The society owns a house. The estimated value of it at the beginning of the year was Rs. 11,281-12-0. A sum of Rs. 90 was spent during the year on account of improvement to the house. Deducting Rs. 278-12-0 on account of depreciation the value at the end of the year was taken to be Rs. 10,912.

(*b*) Due to the Reserve fund	7,320	15	3			
(*c*) Due to the common good fund and Dividend equalisation fund	6,290	0	3			
(*d*) Amount available for distribution on the last day of the year	5,013	6	6			
				20,366	14	9
Total ..				51,091	9	10

The difference of Rs. 17 noticed in paragraph 17 (*f*) *supra* is again visible in the amount of net profit available for distribution on the last day of the year. Evidently that sum of Rs. 17 has been treated by the society as a loss item. The society may be requested to propose distribution of the net amount available, viz., Rs. 5,013–6–9

24. *The Reserve Fund.*—A sum of Rs 50–0–1 was in the post office to the credit of the Reserve fund at the beginning of the year The interest allowed by the post office, viz , Rs. 37–3–10, on account of the sum invested in that account during the previous year was added to that sum during the year and the amount to the credit of the Reserve fund invested in the post office on the last day of the year was thus Rs 87–3–11 The rest of the Reserve fund, viz., Rs. 7,320 15–3, is merged in the general funds of the society invested in house property in the Big street, Triplicane The society does not own make book adjustments in regard to sums added to the Reserve and the Common good funds I think that separate accounts should be maintained for the Reserve fund and Common good fund and the transactions relating to them must pass through the day book

25 *Dividend and Interest* —It will be observed that a sum of Rs. 1,742–2–6 was pending payment to members as dividend and interest on the last day of the year This sum includes also dividends due on account of the profits of the second half year of the period under report. In addition to this amount a sum of Rs. 875–2–5 was due to members as dividend on the last day of the year This sum is the undisbursed dividend of the previous several half years. Correct details as to whom the amounts are due Are not available. The society therefore transferred the amounts to the Miscellaneous account. This procedure seems to me to be objectionable. Attempts must be made to find out as far as possible to whom the amounts are due, and after that payments must be made For any sum thus left undisbursed, the sanction of the General body must be obtained to add the undisbursable sum either to the Common good fund or the Reserve fund. No useful purpose was served by transferring the amount from one head to another and showing it as a liability. In the Miscellaneous account to which this sum was transferred various items might come Thus there was room for more confusion.

26. *Meetings.*—There were 2 meetings of the General body and 12 meetings of the Board of Directors or the Advisory Board The Directors also do their business by circulating papers among them.

27. *Accounts* —It cannot be said that society maintained its accounts in a satisfactory manner during the year I need not detail all the instances of errors or omissions in the accounts. The Honorary Auditors of the society have already brought out several defects noticed by them The society maintained what was called a share register. It was only a ledger showing the transactions of members who joined the society and of those who withdrew from it. It was not a complete register of shares or shareholders showing the names of all members of the society and the amount to the credit of each member. For this purpose there was a share card for each member. But the cards were not completely written and several of them were missing when required. As already said, there was no satisfactory account for the trade deposits. Similar was the case in regard to the transactions of the merchant who supplied stores to the society. The confusion in this account was felt to such an extent by the clerks themselves that at one time the cashier when remitting a sum of money to Messrs. Vannithy Chetty & Co., of Nellore sent in a voucher to be signed by the latter striking the balance due as Rs. 1,653 and odd while the real amount due to the company was only Rs 111–8–0 Strange to say the company signed the voucher and returned it without questioning us to how the society arrived at that figure The mistake was subsequently rectified. Unless one followed the transactions of the society from the very beginning of the year closely in regard to the purchase of stores made by it, he might not be able to say at the end of the year what articles were to be paid for at the end of the year. That is, one could not say at once by referring to the Purchase book that a certain article received was paid for To set right all these defects, a new system of accounts were introduced since the close of the year. The new accounts are being written up and its results will be watched. Any amount of improvement in the form of accounts will be of no use, unless the persons who write them up do their work systematically and satisfactorily It is hoped that the establishment will acquit themselves creditably during the current year.

Chief Auditor.

Madras, 4th November 1910.

AUDIT REPORT BY R. RAMACHANDRA ROW, ESQ., REGISTRAR OF CO-OPERATIVE CREDIT SOCIETIES, CHEPAUK, MADRAS.

The accounts of 15, Triplicane Urban Co-operative Society, Limited, for the year 1909–1910 as audited by the Chief Auditor M.R.Ry. K. Devasigamani Mudaliar are passed

2. The amount to the credit of the Reserve fund on the 30th June 1909 was Rs. 5,644–13–9. The society added to it Rs. 1,763–5–5 during the year So the total in the reserve on the last day of the year was Rs. 7,408 3–2 Of this amount Rs. 87–3–11 was in the post office and the remainder was merged in the General funds of the society (a portion being invested in house property). Out of Rs 5,013–2–6 the net amount of profit to the credit of the society on 30th June 1910, the society will add Rs. 1,251–11–10 to the Reserve fund With that amount, the total reserve will be Rs. 8,659–15–0. The society will report how it proposes to invest the balance of Reserve fund now merged in General funds.

3. The common good fund on the last day of the year amounted to Rs 6,370–2–0. Of this sum Rs. 79–1–0 was in the post office and the rest in general funds With Rs. 1,180–9–6 due out of the net amount still available for distribution the total of that fund will amount to Rs 7,550–11–6. The society will report how it proposes to invest this amount.

4. The net profit still left to the credit of the society after adding to the Reserve and Common good funds as indicated above will be Rs. 2,501–1–2. Of this sum Rs. 203–4–0 is due to the Dividend Equalisation fund. The remaining sum of Rs. 2,377–12–5 is available for distribution as interest on share capital, dividend on purchases and bonus to employees.
